Wellness for your next chapter

Nutritionist-led everyday wellness for women in perimenopause and menopause

maya

OUR STORY

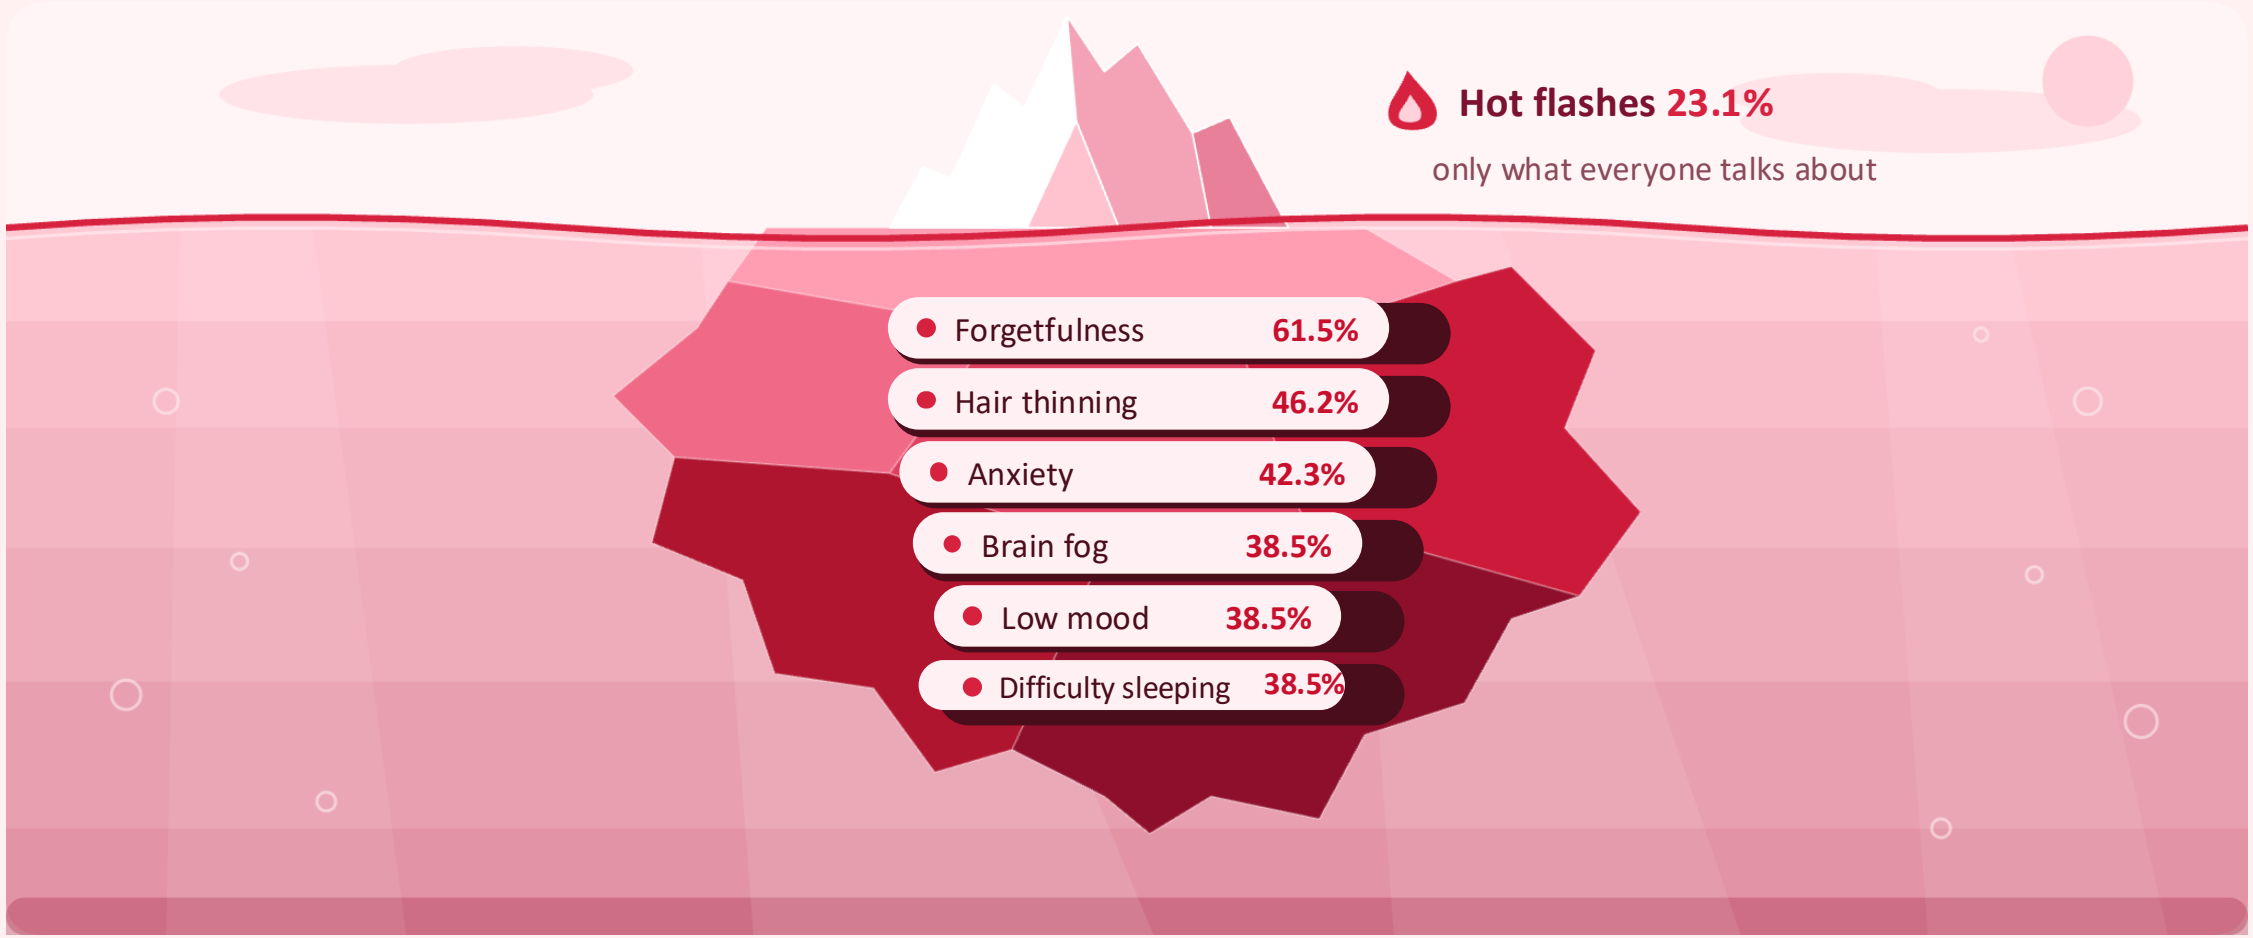

She taught us everything, Now it's our turn.

Her body will change.

Her sleep will change.

Her mood will change.

Menopause is far more than hot flashes

Source: Primary consumer survey of 100+ women ("What symptoms are you currently facing?")

Women want help, but find scattered answers

80–90%

of women going through menopause have persistent symptoms.

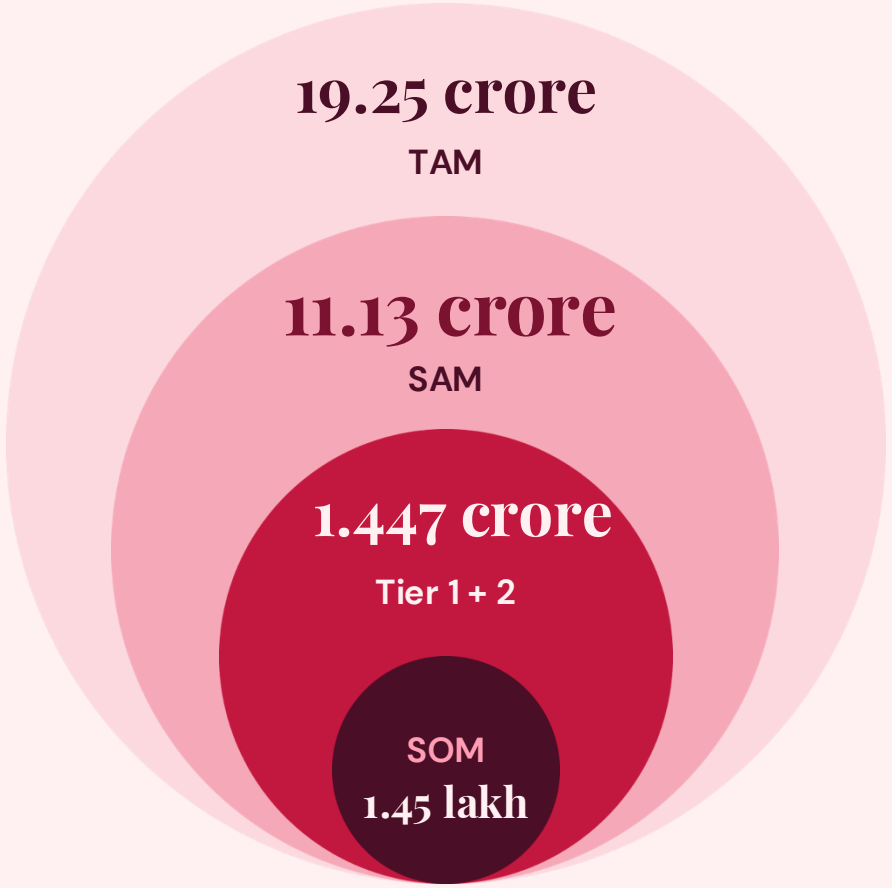

57.8%

of Indian women with symptoms are willing to seek care across published studies.

There is information everywhere.
But no simple, everyday system to make sense of it.

Sources: systematic review and meta-analysis of psychosocial interventions in menopause (PMC13491826); Wani & Gupta, Money & Menopause, Journal of Obstetrics and Gynaecology of India (2013).

A large market, and a growing category

TAM	All Indian women aged 38 to 60 (team estimate)
SAM	Women willing to seek treatment
Target	About 13% of SAM lives in our Tier 1 and Tier 2 launch cities
SOM	1% of target

8.5%

CAGR

Menopause market projected

to grow to $1.67B by 2030

One daily system, AM to PM

Why Maya?

Around the women, not just the symptoms

01

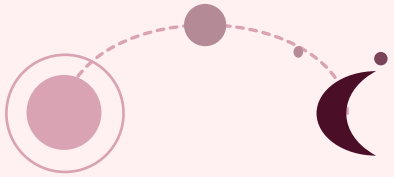

DESIGNED FOR THE LIFE STAGE

Nutrition designed for midlife women

Functional nutrition for the changing needs of perimenopause and menopause, not generic supplements repositioned for the category.

02

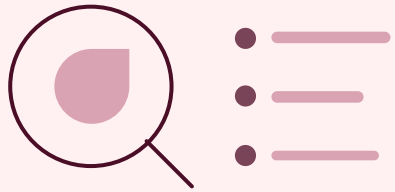

BUILT AROUND EVERYDAY ROUTINES

Wellness that fits into her day

A coordinated range from morning digestive wellness to daily protein, botanicals and evening support, built to fit her routine.

03

TRUST THROUGH EXPERTISE & EDUCATION

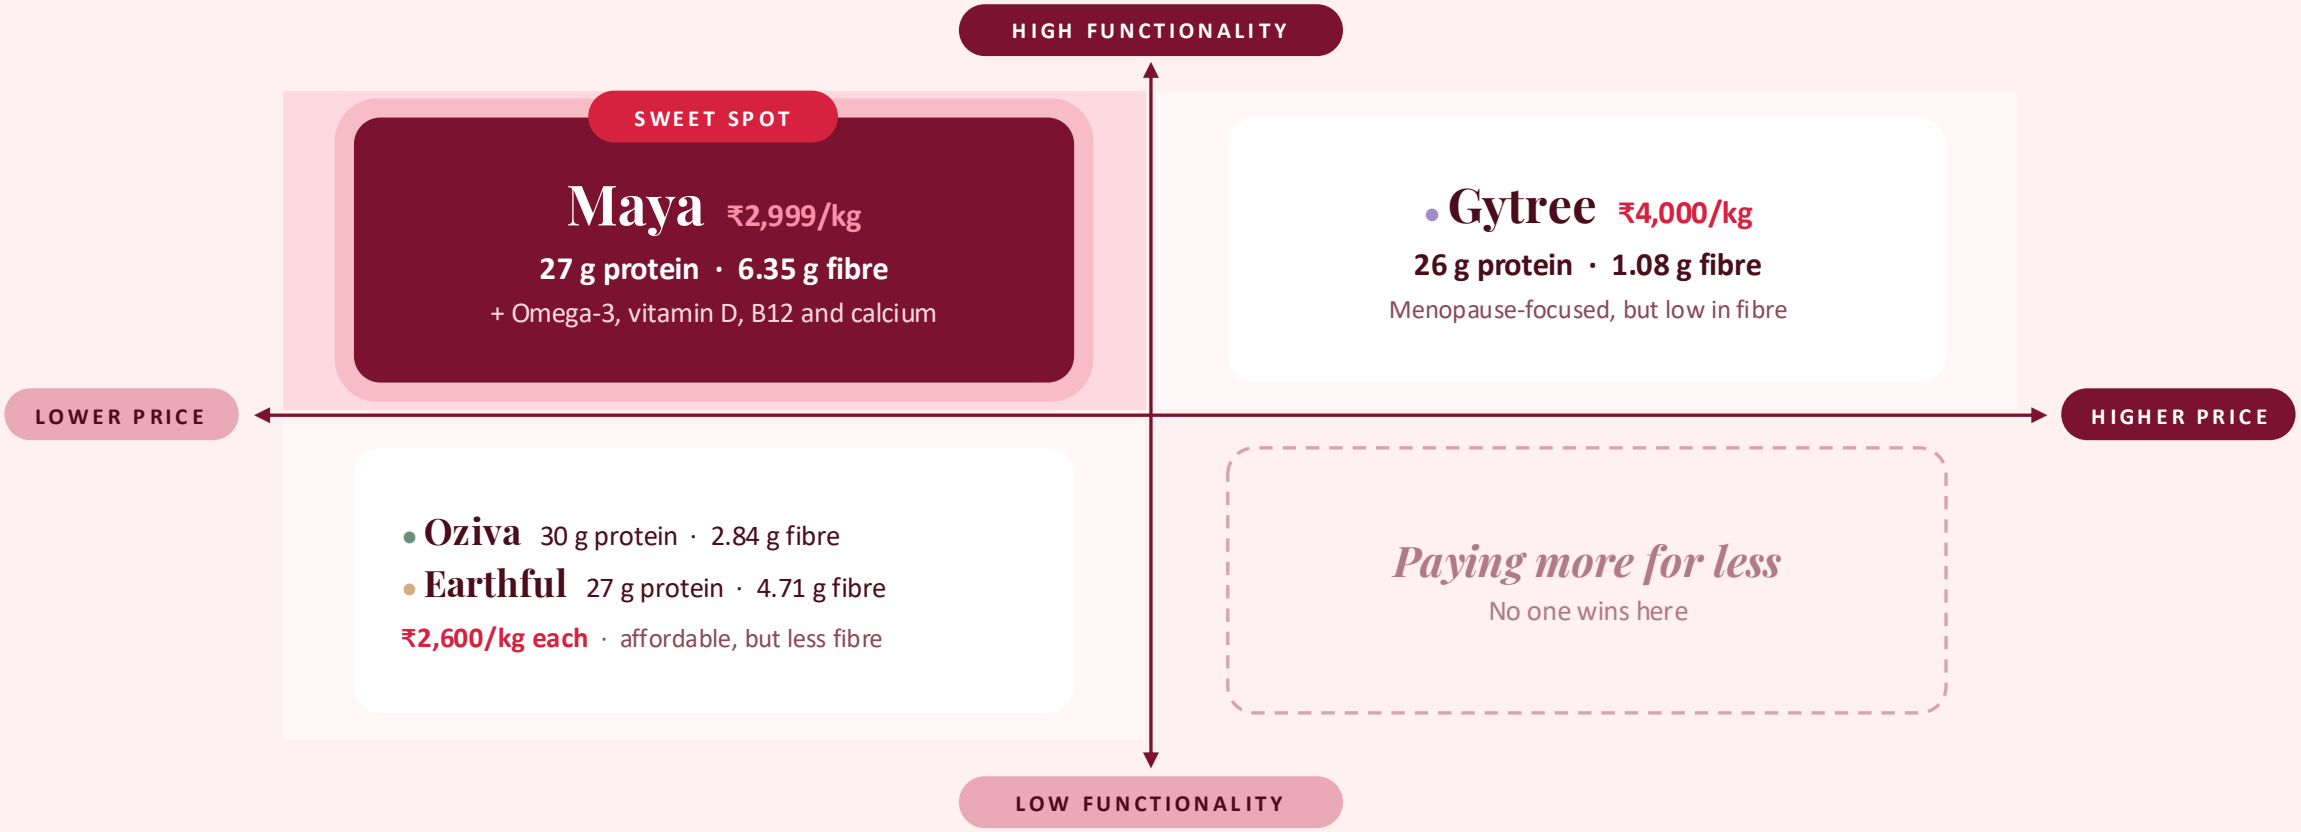

Confidence in what she consumes

Ingredient transparency, qualified nutritional input and accessible education to help her make informed choices.

Maya's ambition: to become the trusted everyday nutrition companion for women navigating midlife.

Competitor analysis: more function, fair price

The most fibre and added nutrients, priced below the average price of the brands we compared (₹3,070/kg)

Highest fibre
1.3× to 5.9× the fibre of the other brands.

Balanced nutrition
27 g protein with 6.35 g fibre in one serving.

Women-first formula
Added vitamin D, B12, calcium and omega-3.

Built for absorption
Omega-3 fatty acids improve absorption and bioavailability.

Priced at or below peers, with healthy margins

We plan to launch through our own website first, then marketplaces and finally offline

What we measure	Education to quiz conversion	Quiz to purchase	Customer acquisition cost	Repeat purchase rate	Customer-reported experience

Model: online-first omnichannel. Direct relationships first, marketplaces for reach, expert-led community to build trust before selective offline retail.

Education builds the brand before the product does

Pre-launch | **Launch** | **Post-launch**

Educate and create awareness

- Founder-led storytelling
- Real women's stories
- Influencer-led content

Build trust and credibility

- Expert-led education
- Behind the formulation
- Ingredient deep dives

Launch and convert

- Creator-led launches
- FAQs, creator reviews
- Targeted Meta ads

Community and retention

- Wellness pop-ups
- Retail activations
- Community-led content
